David Gregersen
ASSOCIATE PUBLISHER — Salt Lake Business Journal

Dear Salt Lake Business Journal readers, Artificial Intelligence (AI) permeates the news these days, and for good reason. AI has become a transformative

force in the modern business landscape, offering innovative solutions to challenges across many industries. Businesses can harness AI to improve efficiency, enhance customer experiences, and foster innovation. By leveraging AI tools such as machine learning, natural language processing, and automation, Utah companies can stay ahead of the competition in a rapidly evolving marketplace.

Major tech corporations—some of which are located right here in Utah—have garnished the bulk of the headlines for driving the development and adoption of artificial intelligence, but AI has the potential to impact companies of all sizes and sectors, including Utah’s small and local businesses. From automating routine tasks to improving efficiency and personalizing customer service and marketing, businesses are already identifying a variety of uses and applications for this emergent technology.

Key to the future of Utah businesses, will be our ability to harness the power of this new AI technology. Already, Utah is taking a leading role in the adoption of AI. On May 1, 2024, Utah’s Artificial Intelligence Policy Act took effect. This first-of-its-kind legislation aims to protect Utah consumers by promoting transparency and accountability in the use of generative AI, particularly in interactions with businesses and professionals. In addition to the AI Policy Act,

Utah currently ranks 5th in the nation in AI adoption, reinforcing our state’s role as a leader in all things AI.

Through the years, the Salt Lake Business Journal has kept it’s finger on the pulse of the Utah Business Community, providing unique and valuable resources—like the Book of Lists— to our member business partners and the business community at large. As we leap into a business landscape being shaped by AI, I’m more excited and optimistic than ever about the future of our great state.

As part of our bringing an AI focus to this year’s issue of the Book of Lists, **each business section’s table of contents page will feature an AI-generated image and text snippet highlighting the potential of AI to transform that specific industry.**

As always, I’m proud to present to you this year’s Book of Lists. On behalf of all of us here at the Salt Lake Business Journal, thanks to our subscribers for supporting our efforts to serve the interests of Utah businesses as we embark on this new AI adventure together. And a huge THANK YOU to this year’s sponsors *Maschoff Brennan*, *Mountain America Credit Union* and *Jacobsen Construction*. And to all our advertisers, we thank you, we appreciate you and we value your efforts to serve businesses.

I wish you good health and a prosperous 2025.

Focus on business. We'll manage the rest.
